WHY VAN DAELE?

Van Daele Homes is a family-owned company that builds for YOUR Street, not Wall Street. Unlike most others, we are not a publicly owned conglomerate answering to stockholders. YOU are our stockholder. We answer to YOU. This is just one of the many reasons the Building Industry Association of Southern California has honored us as BUILDER OF THE YEAR.

OUR FOUR POINT PLEDGE TO YOU

1 OUR SALES PHILOSOPHY

Van Daele Sales Counselors are here to counsel you and to help you in any way they can. They are seasoned professionals who are committed to looking out for your best interests. They will answer all your questions, assist you with all your needs and make sure you'll feel good about your new home. Our Sales Counselors consistently score 93% or higher on customer satisfaction surveys.

3 YOU'RE INCLUDED

We get you excited about your new home purchase right from the start. We involve you in the process via regular construction updates from both our sales and construction teams and provide you a private hard hat tour of your new home plus two additional walk-throughs prior to your home's completion. We want you to know your home inside and out and understand the intricate details of its quality construction, safety, technology and energy-efficient features.

2 YOUR LOAN

We include the services of loanDepot as our "lender partner." They are our "lender partner" because of the proven service and value they bring to our homebuyers. It's no wonder that loanDepot has received the distinguished Eliant Certified customer satisfaction designation.

4 VAN DAELE VALUE

We offer the best there is in location, design, quality, features, customer satisfaction and price. Generations of smart home shoppers (there are more than 15,000 Van Daele homeowners) and even our friendly competitors know and respect Van Daele.

OUR STORY

Home is where memories are created, lives shared and moments celebrated, and where the honor of crafting your home is something we value and don't take for granted. At Van Daele Homes, our experienced team of employees, artisans and consultants takes building quality, handcrafted homes very seriously, and we are intimately involved in your home's design and construction every step of the way.

At Van Daele Homes, we don't just build homes. We build relationships. Building homes for us isn't pulling a design off the shelf and assuming it works for you and your family – it's designing and constructing homes with heart, with a meticulous attention to detail and with the personal care and touches you and today's homebuyers need and deserve. We also offer you a high level of customization and participation in the construction process so we can help build you a home that works with the way you live, not the way we think you want to live.

We are certain you will find our homebuyer experience unparalleled. From the moment we meet until many years beyond your move-in, our Van Daele Homes team is by your side – communicating, updating and educating you on the home buying, construction and home warranty processes.

We promise you'll feel the Van Daele difference. It's a feeling of comfort – like coming home.
