WHY VAN DAELE?

We are a family-owned company that builds for YOUR Street, not Wall Street. Unlike most others, we are not a publicly owned conglomerate answering to stockholders. YOU are our stockholder. We answer to YOU. This is just one of the many reasons the Building Industry Association of Southern California has honored us as BUILDER OF THE YEAR.

OUR FOUR POINT PLEDGE TO YOU

1

VAN DAELE SALES PHILOSOPHY

Van Daele® sales counselors are here to counsel you and to help you in any way they can. They are seasoned professionals who are committed to looking out for your best interests. They will answer all your questions, assist you with all your needs and make sure you feel good about your new home. Our sales counselors consistently score 93% or higher on customer satisfaction surveys.

2

VAN DAELE LENDER PARTNERING

We include the services of loanDepot as our “lender partner” because of the proven service and value they bring to our homebuyers. It’s no wonder that loanDepot has received the distinguished Eliant Certified customer satisfaction designation.

3

VAN DAELE PERSONAL TOUCH

We involve you in your home buying process via regular construction updates along with private hard hat tours of your new home. This also includes additional walkthroughs prior to your home’s completion.

4

VAN DAELE VALUE

We offer the best in residential real estate construction and construction services, construction management and planned community developments. Our Van Daele locations, features and efforts to achieve customer satisfaction can’t be beat! Generations of smart home shoppers and even our friendly competitors know and respect our Van Daele team of professionals.

OUR STORY

Home is where memories are created, lives shared and moments celebrated, and where the honor of crafting your home is something we value and don't take for granted. At Van Daele Homes, our experienced team of employees, artisans and consultants takes building quality, handcrafted homes very seriously, and we are intimately involved in your home's design and construction every step of the way.

At Van Daele Homes, we don't just build homes. We build relationships. Building homes for us isn't pulling a design off the shelf and assuming it works for you and your family – it's designing and constructing homes with heart, with a meticulous attention to detail and with the personal care and touches you and today's

homebuyers need and deserve. We also offer you a high level of customization and participation in the construction process so we can help build you a home that works with the way you live, not the way we think you want to live.

We are certain you will find our homebuyer experience unparalleled. From the moment we meet until many years beyond your move-in, our Van Daele Homes team is by your side – communicating, updating and educating you on the home buying, construction and home warranty processes.

We promise you'll feel the Van Daele difference. It's a feeling of comfort – like coming home.
